IMPORTANT: Attach a copy of all high school and college transcripts (except MECC's) to this application before submitting it to Enrollment Services. Your high school and/or college transcript must indicate a grade of 'C' or better in algebra I and biology (high school or college) and freshman college composition. Algebra I part 1, basic algebra, and applied biology, do not satisfy pre-requisite requirements. Algebra I parts 1 and 2 will satisfy the algebra I requirement and college algebra or math 3. In lieu of a 'C' in freshman English composition you may submit COMPASS assessment scores indicating

you tested into freshman composition (Advising Transcript will indicate ENG 3T and 5T). Your transcripts must also indicate an **overall GPA of 2.3 or higher in high school or at the last college you attended where you received 12 credits**. If you do not have a 2.3 or better in high school and/or college pre-requisite courses we will suspend processing your application at this time and you must schedule a meeting with the Practical Nursing faculty immediately to develop a plan to complete the pre-requisites. The practical nursing faculties are Brigitte Casteel and Norma Calhoun. You may reach them by phone at 276-523-2400 ext. 421 and 672. Their emails are bcasteel@me.vccs.edu and ncalhoun@me.vccs.edu .

RESIDENCY REQUIREMENTS

Applicants who have lived permanently in the following jurisdictions for twelve months prior to April 1, 2010 for the Fall semester or October 1, 2009 for the Spring semester will receive priority consideration for admission as long as they meet the minimum admission requirements:

Virginia: Lee, Wise, Scott, and Dickenson Counties, and the City of Norton

Tennessee: Sullivan County and the city of Kingsport

Residents from all other jurisdictions will not be admitted unless space remains available after these have been admitted. Although we welcome applications from residents of other jurisdictions, based on recent experience, it is unlikely that students from a jurisdiction other than the locations listed above will gain admission to the program.

If you have a question regarding your jurisdiction status, please contact Enrollment Services immediately upon applying to the program.

I have read and understand the residency requirements listed above. I also understand that if I do not meet jurisdiction requirements that I should meet with a faculty advisor to discuss other educational opportunities.
